Established in 1968 and headquartered in Jakarta, Indonesia, Indesso is a leading provider of natural ingredients, serving over 2,000 customers in the Flavors & Fragrances (“F&F”) industry in more than 50 countries globally. Indesso’s natural products are essential elements used in the formulation of a wide range of flavor ingredients in food and beverage products, as well as aromatherapy and fragrances in consumer products and nutraceuticals.

Over the years, Indesso has established a strong presence as a manufacturer of essential oils including their derivatives and botanical extracts unique to Indonesia. Through continuous research and innovation, it has transformed into an integrated solutions provider across the F&F ecosystem. Indesso is also one of the market leaders in Indonesia supplying F&F products and food ingredients on behalf of its global principals to the fast-growing local consumer goods industry.
